4. We reserve the right to refuse the whole or part of any commission.
5. If an error is made by S.I.S. or any member of staff we cannot be held responsible and reserve the right to rectify all such errors.
6. On occasion, we will pay both first past the post and official result on the horse racing in the UK and Ireland only. Please note, this concession will not apply to ante-post, tote (pari-mutuel or placepots), forecasts or tricasts.
7. To qualify for the bonuses paid to specialty bets (ie Lucky 15s), all selections must be either horses, greyhounds or soccer correct scores. Bonuses will not apply to any other type of selection. ie Tote, Numbers or Pari-Mutual returns.
8. Any wagers precluded by our rules, that are accepted in error, will be deemed void win or lose.
9. We will endeavor to supply prices for most sporting events or competitions. If a price is not available then our agents must seek approval and a price quotation from a manager before processing any bet.

## HORSE RACING RULES

1. We pay “first past the post” on all S.P. wagers. Tote and ante-post wagers settled as per Tattersall’s Rules.
2. “First past the post” does not apply:
  - (a) Where a race is declared void.
  - (b) Where a horse has taken the wrong course.
  - (c) Where a horse has carried the wrong weight.
  - (d) Where a judge corrects his decision.
3. **DEAD HEATS**  
In the event of a dead-heat half the stake money is lost and the other half is calculated at the full odds.
4. Where two horses have “dead-heated” and a “run off” takes place this will be considered to be a separate race and for betting purposes does not affect the race in which they “dead-heated”.
5. **Favourites:**  
Favourites may be backed, win only, in single or accumulative combinations at S.P. odds. All place bets on favourites (except special bets) will be void. The win part of an each way bet on a favourite will stand at S.P. odds.
6. Should more than one horse start equal favourite the stake money shall be equally divided.
7. For the purpose of settling favourite wagers race order will be as advertised in the “Racing Post” on the morning of any race meeting, and will not alter even if the order of running is later changed, or if any race should be declared void or result in a walk-over.
8. **Postponements:**  
If a meeting or race is postponed to a future day, all wagers with the exception of ante-post will be void.
9. **Unreported Meetings:**  
Bets are accepted at unreported meetings up to the advertised time of each race at that meeting subject to our LIMITS. Bets accepted after the advertised time of a race at an unreported meeting will be void win or lose.  
  
Meetings covered by a ‘Short Service’:  
A meeting covered by a ‘short service’ is one at which the only information available are the Results and the Off-times. Bets are accepted at any such meetings, subject to our LIMITS.
10. **Under Starter’s Orders:**

Once a horse comes “under starter’s orders” all wagers accepted for that horse will stand, whether or not that horse competes. Similarly in the case of a re-run race a horse that does not compete the second time is beaten.

11. **Price Rigging:**  
Where there is evidence of price rigging either of Tote or S.P. we reserve the right to settle a Tote wager at S.P. or vice versa and in the case of a forecast wager this may be declared void.

12. **Second and Third Quotations/Favourites:**  
Second and third quotations/favourites will be determined by the separate prices rather than the number of horses quoted at a price.

For example:

2/1 Horse A

2/1 Horse B    Horse A and B are joint first quotations/favourites

7/2 Horse C

7/2 Horse D    Horses C and D are joint second quotations/favourites

8/1 Horse E    Horse E is the third quotation/favourites

Second and third quotations/favourites will not be laid at dog meetings; any such bets accepted in error will be void.

13. **Early Prices and Show Prices:**  
Early prices are normally laid up to 15 minutes before the advertised time of a race or the time of the first show. We reserve the right to rectify any mistake made by our staff.
14. We do not accept bets at opening show. All such bets accepted in error will be settled at S.P. Returns.
15. **Timed Selections:**  
Where a selection is doubly engaged, wagers will be settled for the first race in which that selection runs, unless it is especially or virtually timed, if especially timed it will be settled for the timed race only, in the case of two different selections having the same name, wagers not timed will be settled for the first race in which a selection runs. A horse will take preference over a dog and both over a football team, etc. Real horses and dogs will take preference over Virtual Racing.
16. **Rule of Intention:**  
We reserve the right to treat any erroneous instruction in a manner that can reasonably be considered to be the original intention
17. All disputes are decided strictly on their merits as determined by our rules, and a plea of precedence will not be entertained.

18. In specialty bets such as Lucky 15 and ALL 33's if the client selects a non-runner, the bet will become an ordinary bet and S.P. Rules and Limits will apply. Unnamed favourites can be included in all special bets. However specialty bets containing unnamed favourites will not qualify for any bonuses.
19. Bets on doubles and trebles, etc., on different contingencies in the same event will be settled with the stakes divided equally, unless special prices are offered.
20. Re-Run Races:  
A void race later re-run will still be known as the race originally advertised and all bets which have not been refunded before the start of the re-run will stand.
21. All bets at Irish Racing will be settled as per the returns supplied by S.I.S.
22. Speciality Bets:  
All Speciality Bets A.B.C., etc. are subject to Rule 4 Deductions if there is a Non-Runner in one of the events. If Board Prices are available this will determine the level of Deduction. If there are no Board Prices the price of the Non-Runner in the Racing Post will determine the level of Deduction. If one of the named selections is a Non-Runner the bet will revert to the next available price, i.e. if someone selects a Quad of ABCD and B is a Non-Runner the bet will be a treble at the price of ACD. If however there is no price for the bet after the named selection or selections are withdrawn the remaining bet will be settled at S.P. odds. ABCD etc available up to the first show or 15 minutes before the race, whichever is first.

## FORECAST BETTING

1. Forecast wagers are accepted for races of three or more runners.
2. Except for Tote wagers, forecasts are paid on the basis of “first past the post”.
3. Forecast wagers at English and Irish racing are paid as per the “computer” straight forecast.
4. At greyhound racing where a trap number is specified that trap will be the selection irrespective of which dog runs from that trap.
5. Forecast doubles are accepted at Greyhound and Horses.
6. Unnamed favourites are not accepted in Forecast or Tricast Bets.
7. Should a non-runner be selected in a forecast, stake will be invested as a win single on the remaining selection.
8. Should a non-runner be selected in a tricast, the stake will be invested in a Computer Straight Forecast on the remaining 2 selections in the order stated with the N.R. being discounted. Where 2 Non Runners are selected the stake will be invested on the remaining selection as a win single.
9. Should a T/Cast be taken for a race for which no official computer T/C returns are declared the stake will be invested as a Computer Straight F/C on the selections to finish first and second in the order stated with the selection for third place being discounted.
10. In the event of a F/C being accepted for a race in which no Computer Straight F/C is returned this will be settled at multiplied odds. For example:
  - (a) 3/1 winner and 4/1 second = £3 x 5 = £15 Return.
  - (b) 4/5 winner and 6/4 second = 80p x 2 1/2 = £2 Return.

## EACH-WAY BETTING

Each way Doubles, Trebles and Accumulators will be settled win to win and place to place. The win portion is settled at S.P. odds and the place also at S.P. odds, unless “all Tote” is clearly stated. Each-way betting at S.P. odds will be calculated as follows: Horse Racing

1. Handicap Races of 16 or more runners – one-quarter odds 1-2-3-4.
2. Handicaps of 12-15 runners – one-quarter odds 1-2-3.
3. All other races of 8 or more runners, one-fifth odds 1-2-3.

4. Races of 6 or 7 runners, one-quarter odds 1-2.
5. Less than 5 runners, place money goes on to win.

### **Greyhound Racing**

6. Races of 5 or 6 runners, one-quarter odds 1-2.
7. Less than 5 runners, win only.
8. Any each-way wagers accepted for races where there are insufficient runners for each-way betting, will be re invested – all win. This applies to all types of each-way bets.

### **TOTE BETTING**

(Including Pari-Mutuel, etc.)

1. Horses may be backed at Tote odds for a win or each-way in single, accumulative or “lap” combinations. Tote Wagers will be settled as per “official result”. Tote must be clearly stated when asking for the bet.
2. Each-way accumulative wagers are settled Win to Win and Place to Place. Tote and S.P. can be mixed in bets providing instructions are CLEAR.
3. Where multiple place wagers are required, an equal amount of win money must be invested. An equal amount invested as a win single will not constitute the requirements for this type of bet.
4. We do not accept “place only” wagers and in all each-way betting the win portion must be at least equal to the place. Where a wager is accepted in error which does not comply with this rule the stake money will be equally divided and settled as S.P. win Tote place, unless marked otherwise.
5. If for any reason no Tote dividend is returned all Tote bets will be settled at S.P. odds under Tattersall’s official rules.
6. Wagers are not accepted for unnamed favourites at Tote odds.

### **Tote Placepot/Quadpot Rules.**

7. To win the Placepot/Quadpot the client must select a placed horse as defined below in all The Day’s Placepot/Quadpot Races at the Nominated Race Meeting;
  - (a) In races of less than 5 runners – First only.
  - (b) In races of 5, 6 or 7 runners – First or Second.

- (c) In races of 8 or more runners – First, Second or Third.
- (d) In Handicap races of sixteen or more runners – First, Second, Third or Fourth.  
In instances where names are written as well as numbers, the names will be accepted in preference to the numbers.

Non-runners: If a Selection becomes a non-runner it will be substituted by the Favourite.

(e.g.) 1. Where there are Joint or Co-Favourites, the one with the Lowest Race Card Number will be taken.

(e.g.) 2. If the Favourite is also withdrawn, the Shortest Priced Runner will be used. Should there be more than one, the horse with Lowest Race Card Number will be taken. The Tote Placepot/Quadpot will be settled as per official result and not “first past the post”. Dividend declared to a £1 unit. If for any reason, a Placepot/Quadpot dividend is not declared, all Placepot/Quadpot bets will be settled as S.P. place accumulators on a first past the post basis.

## ANTE-POST

1. Ante-post wagers are settled as per the official result.
2. When an ante-post event has “heats” or preceding competitions connected with it, clients must state clearly whether a “heat” or the final outcome is intended. Where there is doubt as to which competition a selection is intended for, it will be settled for the event which occurs first.
3. Where the same selection is taken for more than one ante-post event special odds may apply.
4. Ante-post wagers are accepted on the basis of “all in run or not” “entered or not” except where a race is declared void or abandoned or where a selection is offered “with a run”.
5. For the purposes of settling wagers with us, Ante-post betting on horse racing, will cease at the close of business two days prior to the event. All bets accepted on the day before or the day of an Ante-post event will be settled at “first past the post” and stakes will be refunded on non-runners. Rule 4 may apply to all bets. Horse racing apart, Ante-post betting will cease at the close of business on the day before an event. Selections withdrawn subsequently will be treated as losers. Any price guarantee offer will only apply to bets struck on the day of a horse race.
6. Foreign Racing:  
If an industry S.P. is returned, all bets will be settled at the industry S.P., unless our prices or pari-mutuel, is clearly stated on the docket.

Bets settled at the industry S.P. or our prices will be first past the post.

Pari-mutuel bets must be official results. If no industry S.P. is returned, all bets will be settled at our prices, if we do not price up an event bets will be settled on pari-mutuel returns.

On occasion, a price guide may be given for the foreign racing. As these are guides only, bets cannot be accepted at the guide prices. Favourite bets will be settled at the industry S.P. If no S.P. is returned, favourite bets will be settled at our prices. In the absence of an industry S.P. and our prices, favourite bets must be void.

## HORSE MATCHES

The minimum number of selections in a horse match bet is 3. Any bets with less than 3 must add 1 or 2 extra matches to bring the bet up to 3. When we lay Horse Matches, these will be settled at the “official result” as returned by the Racing Post. Where both horses fail to finish, the match will be void.

Non-runner – NO BET. Bets on Horse Matches will only be accepted up to the first show, after which all match bets will be void. All bets on matches other than those matches which we have advertised will be void.

## GREYHOUNDS

3. Unnamed favourites are accepted. Where there are joint or co-favourite the one with the lowest trap number will be taken. Unnamed second or third favourites are not accepted (See Rule 6f).
4. In the case of non-runners when the trap number is nominated the selection is transferred to the reserve in the same trap.
5. In the event of any of the following occurring, the Favourite will be used as the selection in accordance with rule 4 above.
  - a) Where a trap number nominated becomes a non-runner and no reserve dog runs.
  - b) Where there is a vacant trap or a named selection that becomes a non-runner.
  - c) Where the selection has been omitted or cannot be understood.

7. Where a meeting is stated but "First 6 or Last 6" is not indicated, the bet will apply to the next available Greyhound Placer at the meeting. If all Greyhound Placers for that day have commenced the bet will be void.
  - b) Where a meeting is stated and the "Last 6" is indicated and the meeting has commenced, the bet will apply to the last 6.
8. If both "First 6 and Last 6" are indicated, the stake will be equally divided unless otherwise stated. Where the meeting has commenced, the bet will apply to the last 6 scheduled BAGS races at this meeting. If all Greyhound Placers for the day have commenced the bet will be void.

9. Void races:  
Where a void race is re-run it counts as the original race time and selections will stand for the rerun race. Where a void race is not re-run that day the returns will be declared on the remaining races.
10. In the event of a dead heat, where an extra place is created, all placed selections will be treated equally, irrespective of whether they are involved in the dead heat or not.
11. If no-SP's are returned in a race it will be deemed to be void.
12. Greyhound Placer doubles and upwards are not accepted and if taken in error, stakes will be equally divided and settled as singles.

## FOOTBALL

1. Bets are accepted up to Kick-Off time. Soccer bets struck within 2 minutes of advertised kick-off will stand, provided no goals have been scored or no players have been sent-off, all later bets will be voided. Should a dispute arise as to when a goal is scored, the time declared in the Daily or Sunday Express will be deemed the time of any goal scored.
- 1a If however we are betting "In Running" on a match. Bets will be settled at the odds pertaining when the bet is struck. This will apply until the "In Running" market is closed.
2. All prices which are published are subject to fluctuation up to kick-off time. Wagers will be settled at the prices when the bet was struck, palpable errors excepted.
3. The score at the end of 90 minutes play will be taken as the final result. Extra time does not count.
4. In the event of a match being abandoned, ALL bets on that match will be void, except markets where the result has already been determined, eg. first goalscorer markets where the first goal has been scored or first half winner bets when the first half has been completed. These bets will be settled according to our normal rules.
5. Should a team play a different opposition to that advertised or should the venue be reversed or should a match be changed from a Home Venue to a Neutral one, Forecasts for that match will be declared Void. This does not apply to friendly fixtures, where bets will stand regardless of any venue change. This rule will also apply to Rugby.
6. Where more than 5 draws are in a bet the bet will be settled by calculating the number of fivefolds in the selections and the stake distributed over these fivefolds e.g. where a customer has a £12 accumulator with 6 draws the bet will

be settled as 6 x £2 fivefolds.

7. Bets on postponed or rearranged matches will stand, if the match is played on or before Monday of the following week. This supercedes all previous rules.

3. Where a contest has been declared void, all stakes will be refunded. Where a contest has been declared a draw, then that decision will stand at all times. Where a contest is stopped and the result is determined by points then for betting purposes the contest has gone the distance and "on points" will be successful and bets on inside the distance will be losers.

## **GOLF**

If a tournament does not complete the scheduled number of holes and is declared void, all outright and 72 hole bets will be void. If all the rounds are not completed but a winner is declared, outright bets will stand, tournament group and match bets etc will be void, round by round bets will stand for the completed rounds.
